

COMMUNITY NEEDS IN CONTRA COSTA COUNTY

As part of the Contra Costa County Consortium's (cities of Antioch, Concord, Pittsburg, and Walnut Creek) commitment to equity and community engagement, we are conducting a survey to gather insights from you and your neighbors regarding the crucial needs and priorities of your community, with a focus on services for low-income individuals, enhancements to public facilities and infrastructure, and the effects of high housing costs. Your input will play a vital role in shaping a better future for everyone.
